

ASP LongReach™

Long Range Hands Free Scanning

The very modern ASP LONGREACH may look like a Laser Gun, and scan like a Laser Gun, but it's priced like a CCD!

You can read barcodes from 50mm to 450mm away, but just as importantly, the bright focused beam from the LongReach makes aiming simple.

LongReach even has the same interface flexibility as ASP's popular Barcode Zapper. All the interfaces are built in as standard, just click in a new low cost Adapter Cable and scan a few barcodes to change from one interface to another. Interfaces include the ever popular Keyboard Emulation (with both 5 and 6 pin connectors provided as standard), USB, Notebook, MAC, RS232 (add a power supply), and even an Adaptor to suit the ASP Z4 DataTraq Portable Barcode Reader.

Need to do some "hands free" scanning? Just add ASP's low cost stand, and scan a few barcodes to put the LongReach into "always on" mode. Then barcodes can simply be presented to the beam of the LongReach to be scanned.

SPECIFICATIONS	
ELECTRICAL	
Interface (via opt. cable)	RS232, KBD, USB
Supply Voltage	DC 5V +/- 5%
Scan Rate	300 scans/second
OPTICAL	
Sensor	Long Range Linear Imager
PHYSICAL	
Weight (without cable)	165 grams
PERFORMANCE	
Scanning Distance	1.0mm resolution, up to 450 mm (Code 39, PCS=0.9)
Readable Barcodes	ISBN/SCIS, All UPC/EAN/JAN, Code 39, Code 39 Full ASCII, Code 128, Code 93, Interleave 25, Industrial 25, Matrix 25, CODABAR/NW7, Code 11, MSI/PLESSEY, Code 32
ENVIRONMENT	
Operating Temperature	0 to 40 deg Celsius
Storage temperature	-20 to 60 deg Celsius
Relative Humidity	20% to 85% (non-cond)
Shock	100 cm drop on concrete
Safety Compliance	Ctick, CE, FCC Class A

Hands free stand

LongReach with Z4 DataTraq PBCR

- Long Range Hands Free Scanning
- Lightweight, Stylish and Ergonomic
- Multi Interface RS232, Keyboard, USB
- High Performance CCD Linear Imager
- 2 Year Warranty
