Destructible Windscreen Tags

Impossible to remove Destructible Windscreen Tags

Destructible Windscreen Tags
are made using destructible material making them virtually impossible to remove from the windscreen in one piece, increasing the security features of the tag and the potential applications in which the tag can be used. These features make this the perfect product for access control applications where security is a high priority or you want to eliminate the transfer of tags to other vehicles, i.e. loyalty programs at car washes, etc. This tag features surface printing which ensures crisp details on even the most complex logos for maximum clarity. Four colour processing is also available for limitless design and colour options.

Test Results

These tests were conducted for a limited period of time in strict laboratory conditions. In order to achieve maximum satisfaction we highly recommend that any customer considering use of this product test the labels in the environment in which they will be used.
Bar Code Readability Test: This rating measures bar code readability after being exposed to chemicals listed below for a 2 hour soak.

Test Conditions	Rating
Acetone	15
Isopropyl Alcohol	90
Speedball Powered Cleaner	100
Glass Cleaner	100
Water	100

Chemical emergence tests are rated on a scale of 100 to 0:
100 = No Effect
75 = Image Blurred
50 = Image Scratches Off
25 = Image Wipes Off

SPECIFICATIONS

Material	0.05mm destructible vinyl that can withstand temperatures up to 93°C for short durations.
Serialisation	Bar code and human readable equivalent is produced using the latest high resolution digital technology available, which provides excellent clarity and easy scanning. Code 39 is the standard symbology with a range of 2.7 to 9.4 CPI (characters per inch). *Optional symbology* include Code 128, I 2 of 5, 2D Data Matrix and QR Code. This product is also available with human readable numbers only or with straight copy.
Label Copy	The label copy may include block type, stylised type, logos or other designs. All bar code, human- readable numbers and copy are protected by a destructible coating.
Colours	Standard colours include black, red, yellow, green or blue. Custom spot colours also available at no additional charge. All bar codes are imaged in black only, due to contrast needed for the bar code scanner. **BLACK BLUE RED GREEN YELLOW**
Standard Sizes	50 mm x 25mm 38 mm x 20 mm 50 mm x 15mm 50 mm x 20 mm 45 mm x 15mm 45 mm x 13 mm 32 mm x 13mm 70 mm x 32 mm
Adhesive	0.02mm pre-coated, pressure sensitive adhesive.
Packaging	Shipped on convenient rolls with scrap matrix removed for ease of removal. Cleaning solution is provided to assist in applying to a clean surface. Cartons are clearly marked to indicate serial numbers of labels.

- **Tag designed to destruct upon removal from windscreen**
- **Double sided printing option available**
- **Bar code reads well both through the windscreen when attached inside or on the outside**
- **Unlimited colour options with choice of up to four standard or custom colours**
- **UV stable construction & printing**
