Our Innovation - Your Edge™

YOUR AUTHORISED ASP SOLUTIONS PARTNER IS:

DO ALL YOUR STAFF SUDDENLY APPLY FOR LEAVE WHEN YOU MENTION STOCKTAKE?

That's because you're not using **zapMYstock™**. Conducting a stocktake can be difficult and time consuming. We decided that there had to be a better way, then we set out to design it. The result is **zapMYstock™** - a low cost, simple to use family of stocktake solutions that works with most¹ Business, Finance, Spreadsheet or ERP software.

zapMYstock™

GIVES YOUR STOCKTAKE THE EDGE

YOUR CHOICE OF SOFTWARE + HARDWARE

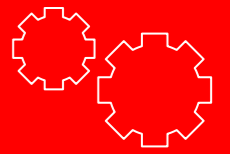

You won't believe how simple and quick a stocktake can be. You already have your inventory data in your business software, so the hard work is done. Using **zapMYstock™** and a portable barcode terminal like the Casio DT-X400 or a smart phone ensures stock counting and data input errors are eliminated so you'll have an accurate record of your inventory levels. All you need to do is to decide which version of **zapMYstock™** is right for you.

zapMYstock™ is an innovative program, easy to learn and easy to use. It has been designed with the user in mind - intuitive, functional, reliable and above all very useful.

"I continue to be impressed... we have had to undertake quite a few processes to complete our monthly stocktakes. Firstly we had to have all staff stay back for a minimum of five hours after work to complete a store stocktake. Our monthly stocktakes are now completed in less than an hour... I couldn't believe how efficient and quick it was to perform a stocktake."

Sarah Wilson
 Operations Manager
 Melbourne

ZAPMYSTOCK™ FEATURES³

- Powerful data transfer program that runs on your PC and communicates with your device via your Wi-Fi network
